

# INVESTING IN ENERGY EFFICIENCY: THE ITALIAN BEST PRACTICES IN THE USE OF FINANCIAL INSTRUMENTS

02 MARCH 2017

## TRENTO, SALA GRANDE - BUONCONSIGLIO CASTLE

### An Interregional Cooperation project for improving low carbon economy policies

The project FINERPOL- Financial Instruments for Energy Renovation Policies- aims to promote new policies, or improvement of existing ones, in defining funding instruments to promote EE and RES investments in buildings.

The Autonomous Province of Trento, by the Provincial Agency for Water Resources and Energy, is an active partner of the project and promote this event.

This event will present a landscape of on-going initiatives at the local, national and European level, which contribute to improve access to finance for energy efficiency investments.

The event will bring together key stakeholders from cities, regions and industry as well as the financial sector to discuss experiences and opportunities and identify key success factors for financing energy efficiency at operational level.

The event is open to managers and technicians of local authorities, entrepreneurs, professionals and economic categories

The session of the morning will be streamed in translation. Registrations on the APRIE website

This event is organised by the Autonomous Province of Trento - APRIE - in the frame of FINERPOL, funded under the Interreg Programme co-financed by ERDF.
